We, the students of Econ7100-M50.2014S at the University of Memphis, would like to donate a check of \$200 to help fund the good causes of your charity.

We have saved collectively about \$4000 using a creative-commons online economics textbook "Livingeconomics" (<http://livingecon.org>) edited by our Professor K. K. Fung and would like to express our gratitude by collectively donating \$1400 to our top seven favorite charities in his honor.

We have chosen St. Jude Children's Research Hospital, Midsouth Food Bank, Make A Wish, Boys and Girls Club of Memphis, Church Health Center, Memphis Zoo, and Ronald McDonald House as our top seven charities.

We hope our small donation would encourage other students to be equally generous to their favorite charities.

We appreciate the good work your charity has done for Memphis and wish you the best of luck.

Dear Dr. Fung,

We thank you & the students of Econ 71000-M50.2012S at the University of Memphis your recent donation of \$200 to the Boys & Girls Clubs of Greater Memphis. You're making an immediate and long-lasting impact on our members' lives by ensuring our ability to continue building bright futures for youth like Club alumni Justin Harris.

Justin was the Samelson Branch 2013 Youth of the Year and says his fondest memory of the Club was going on college tours and taking a trip to Washington D.C.

"Touring the White House was an unreal experience," said Justin.

Now a student at the University of Memphis, Justin is majoring in Hospitality and Resort Management so he can get a job where he is able to travel the world, an interest sparked by his time at the Boys & Girls Club.

"The Ira Samelson Jr. Boys & Girls Club prepared me for manhood and success by instilling the ability to be confident, intelligent, and always professional in everything I do," Justin said.

Now, Justin serves as a part-time staff member at the Samelson Boys & Girls Club teaching cooking classes and mentoring other Club members. Like so many before him, Justin is proof that an investment in the lives of kids is an investment that keeps on giving.

Your support this year allowed us to empower youth to have the self-confidence to make healthy life choices and set ambitious goals. We appreciate your support of the nearly 4,000 members we serve. Thank you for partnering with us to enrich the lives of our kids and the future of Memphis.

If there is anything that the Development team can do for you, please do not hesitate to call at (901) 278-2947. Thank you.

Sincerely,

Larry Pennington

Dear Mr. Fung,

I can't thank you enough for your kindness. Your recent gift of \$200.00 to Ronald McDonald House Charities® of Memphis did more than provide lodging for a family facing serious illness – it gave them care, love, comfort and the strength to face each new day together.

Since no family ever pays to stay at Ronald McDonald House of Memphis, contributions such as yours will help over 600 families this year have precious time together with their sick children.

Families that have called the Ronald McDonald House their home tell their story best. *“Ronald McDonald House has been a God send. The game room, the fun colors, the cool playgrounds, the toys, the volunteers who come play with the kids have all allowed Hailey to feel like she's still just a normal, regular kid. She's taking everything in stride, and she knows she is not alone! This house is full of people who are here for us every step of the way! We can focus on Hailey and getting better – that is a gift I treasure!”* - Michelle (Hailey's Mom)

On behalf of the hundreds of families, like Michelle and Hailey, that will stay at Ronald McDonald House this year, thank you for helping us give the gift of childhood.

Gratefully,

Caron D. Byrd
Executive Director

Dear Students of Econ7100-M50.2014S:

Thank you for your recent gift of \$200.00 in honor of Dr. K. K. Fung. Your donation is already working to provide food for children, families and seniors who struggle with food insecurity and hunger. It's especially hard to think about children going to school without breakfast or coming home to no dinner. How can they study? How can they learn? Your gift is what makes our work possible, helping children get the nutrition they need to grow and thrive.

That's why we work with more than 220 Partner Agencies to make sure children have plenty of good, wholesome food to eat. Agencies like emergency food pantries, soup kitchens and youth programs throughout our 31-county service area depend on us for the food they need to serve children and families in need in their own communities.

Every dollar you give is used to help fight hunger right here in the Mid-South. If you want to know more about us or stay informed about the work we do, please visit our website at www.midsouthfoodbank.org, "like" us on Facebook or follow us on Twitter @MSouthFoodBank.

Dear Dr. Fung:

We are so grateful to have received your gift of \$200.00. As you read this letter, this gift is being put to immediate use to provide magical wish experiences for very sick children in the Mid-South.

Each year the Mid-South Chapter continues to advance its mission of making wishes come true for children with life-threatening illnesses to enrich the human experience with hope, strength and joy. Through wishes granted we have seen thousands of lives changed forever.

Wishes are profoundly personal and health professionals who treat wish kids, including nurses and doctors, overwhelmingly believe that the wish experience can improve a wish kid's physical health and serve as a turning point in the child's battle for health.

Whatever the wish may be – to have a shopping spree, to go to the most magical place in the world or to have a service dog (please see Katie's story attached) - it is a time for a child to enjoy their youth and stop thinking about doctors, medicine, and hospitals.

Supporters like you make it possible for us to temporarily restore the childhood of wish kids, during the toughest times of their young lives. Imagine the feeling of excitement, hope and joy emerging in our wish kids for the first time in months, possibly years. Since Make-A-Wish Mid-South's founding in 1986, a wish child has never been turned away due to lack of funding, and because of you we are able to continue making wishes come true.

Thank you again for all you do to help us *share the power of a wish*®!

Best Wishes,

Dear Dr. Fung:

Thank you and the students from your Econ 7100 class for your incredibly kind donation of \$200.00. It was so thoughtful for your class to choose to support our organization among the other six strong Memphis nonprofits you listed in your correspondence.

Donor friends like you help us continue to provide quality care for our community and spread the word about what we do. When Sandy found the Church Health Center, she had no idea just how much we would be able to do for her.

Sandy was a school bus driver who loved her job and was nearing retirement. However, she found it almost impossible to go to work each day, because she was dealing with constant pain in both knees. One day she decided to finally do something about it.

The first time she came to our Clinic, all she wanted was something for the pain, and we gave her that. But we also gave her the long-term help she needed to prepare for a double knee replacement.

Thanks to our extensive network of volunteer medical professionals, Sandy was able to see a specialist for her surgery. To aid in her healing, she also began working with our physical therapists at Church Health Center Wellness, where she is now a member. Sandy is grateful that there is much more to life than the pain she lived with for so long.

Because of your support, we are able to help thousands of people like Sandy receive the care they deserve.

With hope for healing,

G. Scott Morris, M.D., M.Div.
Chief Executive Officer
